Sanford, Florida 32771

Re: Laboratory Suitability Approval, MIL-STD-810

Dear Mr. Blank:

We have reviewed and approved the submitted MIL-STD-810 test procedures for your test lab facility. Therefore your facility located in Sanford, Florida is considered suitably equipped and is granted approval to perform testing on military devices for the following test methods listed below:

Test Method	Test Name
MIL-STD-810 Method 500	Low Pressure (Altitude)
MIL-STD-810 Method 501	High Temperature
MIL-STD-810 Method 502	Low Temperature
MIL-STD-810 Method 503	Temperature Shock
MIL-STD-810 Method 507	Humidity
MIL-STD-810 Method 509	Salt Fog
MIL-STD-810 Method 514	Vibration
MIL-STD-810 Method 516	Shock

This suitability is valid until terminated by written notification from the Qualifying Activity. If warranted, laboratory suitability may be withdrawn by this Center at any time.

The approved test procedures shall be used for all applicable military testing. If you wish to extend the listing to include test procedures for other Military Specifications or Test Methods, this office must approve the test procedures before testing may begin. The use of your laboratory for performing testing is subject to conditions stated in DoD Manual 4120.24M, SD-6, and the DLA Land and Maritime-VQ Laboratory Suitability Information Booklet.

If you have any questions concerning this letter, please contact Mr. Dwight Oglesby at 614-692-0609.

Sincerely,

ALAN J. WILL
Chief
Passive Devices Branch
